University Wide Orientation

June 4, 2008 9:00 am - 12:30 pm
Location: Vancouver Point Grey Site

cost: free

UBC is much like a small city - both in terms of size and the services provided on campus. As a member of our team, you play an integral role in helping UBC become one of Canada's, and even the world's, finest public universities. And to help you get started, Organizational Development and Learning, UBC Human Resources invites you to this half-day orientation session.

Standing up for yourself without knocking the other person down with Gary Harper

June 5, 2008 9am - 4:00 pm
Location: Vancouver Point Grey Site

cost: UBC Community \$130

This workshop will provide you with the knowledge and skills to assert yourself, set limits and deliver productive and effective feedback in a variety of situations

Relationship with your shadow with Vince Gowmon

June 11, 2008 9am - 12:00 pm
Location: Vancouver Point Grey Site

cost: UBC Community \$65

One of the greatest sources of effective leadership is your shadow side - the part of your personality you keep hidden from others. When illuminated and integrated into your awareness it is a gift that transforms your capacity to make

healthy and productive decisions, lead with impact and lead a healthy life. During the workshop, participants will explore how their shadow impacts the kinds of relationships they attract, their power to choose and life balance.

Moving from Peer to Leader

with Carollyne Conlinn

June 12, 2008 9am - 4:00 pm

Location: Vancouver Point Grey Site

cost: UBC Community \$195

In this workshop, you will learn practical, proven techniques to handle managerial/supervisory responsibilities.

Human Resources Management Systems

June 19, 2008 1pm - 4:00 pm

Location: Vancouver Point Grey Site

cost: free

This workshop is only available to employees who already have access to the Human Resources Management System (HRMS), formally IHRIS, and who are required to use it in their jobs.

Creativity in the workplace: Intuitive Painting

with Anita Nairne

June 26, 2008 9am - 4:00 pm

Location: Vancouver Point Grey Site

cost: UBC Community \$155

The facilitator of this workshop has developed a unique method of painting that allows even the most inexperienced person to become an artist in a very short period of time--artistic skills not required!

#1. The Healthy Brain: improve your memory.

Title: "The Healthy Brain: improve your memory."

Date: May 31st, 1- 4 pm. (unlimited space).

Location: TAG Seminar Rooms North and South, [Irving K. Barber Learning Centre](#), 1961 East Mall.

Description: The latest research is telling us that we are never too young or too old to take action in defence of our own brain health. This seminar looks at the progression of Alzheimer's disease and its impacts on the brain and the latest research on reducing risks for Alzheimer's disease.

Facilitator: [Judy Bourne](#).

Partners: Centre for Teaching and Academic Growth (TAG).

#2. Introduction to Yamuna Body Rolling.

Title: "Introduction to Yamuna Body Rolling."

Date: June 4th, 12 - 1 pm.

Location: [Thea Koerner House](#).

Description: Yamuna Body Rolling is a technique that 'educates' the body's muscles. By rolling on the ball you create space in the muscles and joints. It works with the body's natural energy pathways by releasing muscles, old restrictive patterns and deeply stimulating the nervous system. The results are greater of motion and increased energy and strength. It is a powerful body and a powerful mind-body experience.

Instructor: [Elayne Anderson](#).

#3. It's Easy to Discover a Healthier You - The Power of Food.

Do you want to increase your energy, improve productivity and your overall well-being? If your answer is yes, join us to learn how to make healthy choices for breakfast, snacks, lunch and dinner and to choose and prepare foods that provide optimal health.

Title: "It's Easy to Discover a Healthier You - The Power of Food."

Date: June 11th, 12 - 1 pm.

Location: [UBC Robson Square](#), room C225.

Description: Adam Hart's presentation explores the power of food on our overall health. Eating whole foods or foods that have not been broken down, altered or transformed in any way such as nuts, seeds, grains, legumes, fruits and vegetables can lead to reduced stress levels, increased energy levels, better weight management, improved quality of life and increased productivity.

Presenter: [Adam Hart](#).

#4. Eight Week Yamuna Body Rolling Course.

Title: "Eight Week Yamuna Body Rolling Course."

Date: June 11th - July 30th, 12 - 1 pm. Eight Wednesdays. Class limited to 25 participants.

Location: [Thea Koerner House](#).

Description: Yamuna Body Rolling is a technique that 'educates' the body's muscles. By rolling on the ball you create space in the muscles and joints. It works with the body's natural energy pathways by releasing muscles, old restrictive patterns and deeply stimulating the nervous system. The results are greater of motion and increased energy and strength. It is a powerful body and a powerful mind-body experience.

Instructor: [Elayne Anderson](#).

Partners: UBC's MOST program.

Register for this free seminar by visiting [MOST](#). **NOTE: if more than 4 sessions are missed, participants will be charged \$40.**

#5. Are You at Risk for Stroke?

June is Stroke Awareness Month. HSE's Health Promotion Programs invites you to sign up to a free stroke information seminar and get the answers to questions including: What is stroke? What are the warning signs? Can I prevent one? What are the effects of stroke? How can I help a loved one living with stroke?

Title: Are You at Risk for Stroke?

Date: June 17th, 12 - 1 pm.

Location: TBA

Description: *"More than 50,000 strokes and 75,000 heart attacks occur every year. Sadly, one in three deaths in Canada are due to heart disease and stroke. Stroke is a medical emergency. Recognizing and responding immediately to the warning signs of stroke by calling 9-1-1 or your local emergency number can significantly improve survival and recovery"* -Heart and Stroke Foundation.

At this workshop you will learn factual and practical information about recognizing and responding to the warning signs and how you can prevent suffering from stroke.

Presenter: [Gloria Kuffner](#)

Partner information: [Healthy Heart Society of BC](#).

#6. Yoga at the Workplace

Title: Yoga at the Workplace

Date: June 26th, 12 - 1 pm.

Location: [Thea Koerner House](#).

Instructor: Arlene Decaire.

4. Bike to Work Week

The Vancouver Area Cycling Coalition (VACC) presents Bike to Work Week: May 26 - June 1. Bike to Work Week is a great way to encourage new people to try biking to work and to celebrate biking to work with those that already do.

During Bike to Work Week visit the VACC at commuter stations - celebratory pit stops along bike routes - where you can join the VACC, enjoy free food & drinks, get a free bike map, get your bike checked by a mechanic, and enter to win fabulous prizes.

The UBC Faculty of Medicine is already registered at www.vacc.bc.ca/biketowork. Please join us, by adding your name and riding to work with us.

Cheers,
Colin Bryant

THE JOCK CLEGHORN PRIZE

This prize is awarded by the CCNP for the best poster presentation by a research trainee (graduate student or clinical resident) at the Annual Meeting of the CCNP. All trainees/students who submit a poster presentation for the Annual Meeting will be eligible for this prize.

**CCNP MEMBERSHIP**

We encourage each member of the CCNP to invite at least one other person in the field of neuropsychopharmacology to join our ranks. Please fill in your name as the sponsor and invite a colleague that you feel will be a valuable addition to the CCNP to submit an application for membership. This is very important since the larger the membership of the CCNP, the more representative of the field of neuropsychopharmacology research it will be. Please, therefore, consider asking all of your colleagues who are interested in research to consider joining. Those wishing to apply for membership can do so on-line at the CCNP website (<http://www.ccnp.ca>).

CCNP

Membership dues are \$75 per year for Fellows, and \$15 per year for both Junior Members and Retired Fellows. Subscription to the *Journal of Psychiatry and Neuroscience*, the CCNP's official

journal, is offered to the CCNP membership free of charge.

CANADIAN COLLEGE OF NEUROPSYCHOPHARMACOLOGY
COLLÈGE CANADIEN DE NEUROPSYCHOPHARMACOLOGIE

Heinz Lehmann Award
For Outstanding Contributions to Neuropsychopharmacology
Sponsored by Eli Lilly Canada Inc.

The Heinz Lehmann Award is designed to recognize outstanding contributions by a single individual in the field of research in neuropsychopharmacology in Canada. The Award consists of \$5,000 research prize, a \$2,000 travel award for the recipient to attend the CCNP Annual Meeting and a suitably engraved plaque. The Heinz Lehmann Award shall be presented annually for work done primarily in Canada by Canadian scientists, unless there is, in the view of the Awards Committee, no qualified nominee.

Eligibility shall include individuals from academic institutions, foundations, governmental, industrial and research organizations, regardless of age or sex. The decision of the Awards Committee shall be based on originality and uniqueness of approach to clinical or laboratory research that had led to new, significant neuropsychopharmacological knowledge of concepts, or to the development of new therapeutic agents for the treatment of mental diseases. This should be evidenced by contributions based either on a specific piece of research or on a large body of neuropsychopharmacological research done over a period of years. The Awardee is expected to give a lecture based on his/her research at the Annual Meeting of the CCNP, and to contribute a manuscript, based on the lecture, to the CCNP official journal, the *Journal of Psychiatry & Neuroscience*, no later than six months after the lecture.

Nomination for 2009 Heinz Lehmann Award

The names of nominees should be received by Dr. Harry Robertson by **November 30th, 2008**. Supporting documentation must be received by **December 31st, 2008**. For each award, this documentation shall consist of:

1. Six copies of a two-page summary prepared by the sponsor describing the nominee's work and its importance in furthering the field of neuropsychopharmacology.
2. Six copies of manuscripts and reprints considered by the sponsor to be pertinent to the nomination and which highlight the nominee's work.
3. Six copies of the nominee's curriculum vitae and list of publications.
4. Six copies of a brief biographical sketch of the candidate prepared by the sponsor.

***** Please send one copy of the above to Dr. Robertson and five copies to the CCNP Secretariat, Department of Psychiatry, 8440-112 St., Edmonton, AB, T6G 2B7.**

Formal presentation of the Award will be made to the recipient during the Annual Meeting of the College.

Note: The Heinz Lehmann Research Award may be given for basic research or clinical research in alternate years. The 2009 Award will be presented for basic research.

Please send the name of the nominee and a short supporting letter to:

Dr. Harry Robertson - CCNP President
Faculty of Medicine, Dalhousie University
5859 University Ave.
Halifax, NS B3H 1W2

Deadline for receipt of initial nomination and short supporting letter is November 30, 2008.

CCNP Medal

This Award was established to honour individuals for a meritorious career in, and outstanding contribution to, neuropsychopharmacology in Canada as evidenced by their activities in education, administration and/or patient care. Achievement in research is not a necessary criterion for this Award. An outstanding contribution implies achievement at the national or international level, and evidence of novel initiatives.

The Award, which does not have to be awarded each year, consists of a bronze medal engraved with the name of the recipient.

Nomination for 2009 CCNP Medal

The names of nominees should be received by Dr. Harry Robertson by **November 30th, 2008**. Supporting documentation must be received by **December 31st, 2008**. For each award, this documentation shall consist of:

CCNP Innovations in Neuropsychopharmacology Research Award (Sponsored by Wyeth Pharmaceuticals)

For Outstanding Innovations in Neuropsychopharmacology by an Individual or Group

The Innovations in Neuropsychopharmacology Research Award is designed to recognize innovative research in neuropsychopharmacology. The Award consists of \$5,000 and a suitably engraved plaque. The Innovations in Neuropsychopharmacology Award shall be presented annually for work done primarily in Canada by Canadian scientists, unless there is, in view of the Awards Committee, no qualified nominee.

The decision of the Awards Committee will be based solely on the outstanding innovative nature of the work by an individual or a group as demonstrated by a single piece of research contributed over a number of years. The Awardee(s) is/are expected to give a lecture based on his/her/their research at the Annual Meeting of the CCNP, and to contribute a manuscript, based on the lecture, to the CCNP official journal, the *Journal of Psychiatry & Neuroscience*, not later than six months after the lecture.

Young Investigator Award

For Outstanding Contributions to Neuropsychopharmacology by a Young Investigator

The Young Investigator Award is designed to recognize outstanding contributions in the field of research in neuropsychopharmacology by an individual young basic scientist or clinical investigator in Canada. Applications will be judged primarily on the basis of the candidate's work as an independent investigator. The Award consists of a \$2,500 bursary plus a \$2,000 research grant and a suitably engraved plaque. The Young Investigator Award shall be presented annually for work done primarily in Canada by Canadian scientists, unless there is, in the view of the Awards Committee, no qualified nominee.

The major selection criterion is that the candidate be actively engaged in high quality neuropsychopharmacological research in Canada. There is no restriction concerning the field in which nominees have obtained their doctoral degree, but not more than ten years should have elapsed since the completion of their post-doctoral training (for example, PhD or residency) by July of the year of presentation. It is not required that the candidates be members of the College or have an academic appointment. The Awardee is expected to give a lecture based on his/her research at the Annual Meeting of the CCNP, and to contribute a manuscript, based on the lecture, to the CCNP official journal, the *Journal of Psychiatry & Neuroscience*, no later than six months after the lecture.
