Faculty of Medicine – Department of Psychiatry (Montreal Children’s Hospital)

**Position Description**

The Department of Psychiatry at McGill University is currently inviting applications for a full-time position as a member of the Contract Academic Staff at the rank of Assistant/Associate Professor (Clinical) Level will be according to the candidate’s qualifications and experience. This will be a three-year, renewable appointment.

The successful candidate will provide both clinical and academic leadership in Child Psychiatry. The applicant will also have an academic track record, demonstrated by a research dossier and/or experience in education. The candidate will be appointed to clinical practice at the McGill University Health Centre.

The Department of Psychiatry and its Division of Child Psychiatry offers a dynamic academic environment with extensive inter-departmental and multi-disciplinary research, clinical and teaching opportunities. The Department participates in teaching at all levels including undergraduate, graduate and medical students, medical residents and postdoctoral and clinical fellows. Opportunities are available to develop existing areas of excellence and build new areas of strength across the three McGill hospitals that form the Division of Child Psychiatry, and the Montreal Children’s Hospital of the McGill University Health Centre.

As Director of the McGill’s Division of Child Psychiatry and Chief of Child Psychiatry at the Montreal Children’s Hospital, the successful applicant will be responsible for the organization and planning of child psychiatry clinical services. He/she will manage teaching and research activities and ensure resources are aligned with institutional priorities. The successful applicant, in collaboration with the Chair of Psychiatry, will oversee recruitment and direct the academic activities of McGill’s Division of Child Psychiatry.

**Job Duties**

The successful applicant will be expected to:

- Oversee the day to day operation of the Child Psychiatry at the Montreal Children’s Hospital – McGill University Health Centre.
- Oversee the Division of Child Psychiatry in the Department of Psychiatry (McGill University).
- Engage in all aspects of a university-affiliated psychiatry department (clinical, education, and research).
• Provide excellent clinical teaching and supervision to residents and medical students and develop an innovative and externally funded independent research program to pursue scholarly activities.

Qualifications and Education requirements

The candidate must hold or be eligible for licensure as a psychiatrist in the province of Quebec. Clinician-scientists with MD-PhD are encouraged in addition, a good working knowledge of French or a commitment to become fluent in French is necessary. Applicants should have substantial administrative experience and a commitment to research and academic excellence with a recognized international reputation.
