

This Communication Bulletin includes:

1. Annual Soccer Match Reminder – September 13, 2007!
2. The Dream Healer: a preview – September 21, 2007
3. Canadian Leadership Institute for Medical Education

1. Annual Soccer Match Reminder – September 13, 2007

Please join us for the annual Psychiatry Residents vs. Faculty soccer game on Thursday, September 13th at 6pm at UBC.

Residents-this is your chance to humiliate your attendings on the field. Faculty-this is your chance to dominate the residents and show them who's really in charge! Plus, if I remember correctly, the faculty (just) beat the residents last year and now need to defend their title. Even if you're not the competitive type or even if you've never played soccer in your life, this game promises to be lots of fun and gives us a chance to meet people in our program. Plus, we'll be going out for food and drinks immediately following the game!

Residents-please wear a White t-shirt for the game.

Faculty-please wear a Red t-shirt for the game.

More details to follow.

Janel Casey
PGY-2, Psychiatry

PS. Feel free to email me if you have any questions
(jbcasey@interchange.ubc.ca)

2. The Dream Healer: a preview – September 21, 2007

A special preview of the Opera, *The Dream Healer*, will be held on Friday, September 21, 2007 at Christ Church Cathedral, 690 Burrard Street, Vancouver.

The UBC-IMH is playing an active role in organizing a series of academic lectures designed to compliment the world premier of this opera, in March 2008.

Tickets for the preview on September 21 are \$20 at the door and are also available at Little Sister's Bookstore, 1238 David Street. Reserve your tickets at ccctickets@gmail.com

The Dream Healer is based on Timothy Findley's *Pilgrim* which focuses on Carl Jung's time at the Burghölzli Clinic. See www.thedreamhealer.com. The opera, *The Dream Healer*, is not just a work of biography, but also of social issues relating to total health – a concept that Jung pioneered by broadening our understanding of healing to include not only science but also the humanities and the arts. This fundamental element is personified by blending the opera with a lecture series in a unique combination of medicine and music. The series of

three lectures featuring international authorities on topic ranging from Stigma to Suicide, plus a film presentation, will be held at the Chan Centre from March 2-8, 2008 and will be open to both the academic community and general public.

3. Canadian Leadership Institute for Medical Education

It is with pleasure that we send the attached announcement of the *Canadian Leadership Institute for Medical Education (CLIME)*. This is a four day workshop for individuals who are prepared to lead initiatives that will promote excellence, innovation, change, and scholarship in medical education

Additional information on CAME and *CLIME* can be obtained from the CAME website at www.came-acem.ca.

With sincere thanks for your continued support of CAME's activities.

Yours sincerely,

Yvonne Steinert, Ph.D.
CAME President
