**KILLAM RESEARCH PRIZE – Canada Council for the Arts**

Deadline: June 15, 2013

Website: [http://www.canadacouncil.ca/prizes/killam/](http://www.canadacouncil.ca/prizes/killam/)

**Description:** Each year the Killam Program offers awards to outstanding Canadian scholars working in the humanities, social sciences, natural sciences, health sciences and engineering. These awards are among Canada’s most distinguished research awards. Recipients are chosen by a committee of 15 eminent Canadian scholars appointed by the Canada Council.

**Research Area(s):** Humanities, Social sciences, Natural Sciences, Health Sciences, and (or) Engineering.

CAD 100,000

---

**THE CANADIAN MEDICAL HALL OF FAME**

Deadline: June 24, 2013

Website: [http://www.cdnmedhall.org/nominate](http://www.cdnmedhall.org/nominate)

**Description:** Established in 1994, The Canadian Medical Hall of Fame celebrates the accomplishments of Canada’s medical heroes who through discovery and innovation, have made, and are making, significant contributions to improving health in Canada and around the world. Laureates are Canadian citizens, living and posthumous, whose outstanding contributions to medicine and the health sciences have led to extraordinary improvements in human health. Their work may be a single meritorious contribution or a lifetime of superior accomplishments in the following categories:

- **Builder -** Innovative leadership in health education, health research and/or the creation of an institution or program that has endured to the benefit of human health
• Excellence in Health Care - Innovative leadership in health care exemplifying professionalism and services to humankind
• Excellence in Health Research: Basic Research, Clinical Research, Health Services, Population and Public Health

**Research Area(s):** Health & Life Sciences

**FRONTIERS OF KNOWLEDGE AND CULTURE AWARDS - BBVA Foundation**

**Deadline:** July 1, 2013

**Website:** [http://www.fbbva.es/TLFU/tlu/ing/microsites/premios/fronteras/nominacion/index.jsp](http://www.fbbva.es/TLFU/tlu/ing/microsites/premios/fronteras/nominacion/index.jsp)

**Description:** The BBVA Foundation Frontiers of Knowledge and Culture Awards seek to recognize and encourage world-class research and artistic creation, prizing contributions of lasting impact for their originality, theoretical significance and ability to push back the frontiers of the known world. Awards will be granted in eight prize categories, spanning three domains. First, scientific and technological research in the areas of Basic Sciences, Biomedicine, Ecology and Conservation Biology, Information and Communication Technologies, and Economics, Finance and Management. Second, the creation, direction or performance of works of contemporary classical music. Third, scientific research and/or projects that represent significant advances in two core concerns of the 21st century: climate change and development cooperation. **The prize categories are:** Basic Sciences (Physics, Chemistry, Mathematics), Biomedicine, Ecology and Conservation Biology, Information and Communication Technologies, Economics, Finance and management, Contemporary Music, Climate Change and Development Cooperation

**Research Area(s):** Multiple

---

**RESEARCH AWARD - PRIX GALIEN CANADA**

**Deadline:** July 15, 2013

**Note:** This nominations requires endorsement from the Dean

**Website:** [http://eng.prix-galien-canada.com/submission.html#research](http://eng.prix-galien-canada.com/submission.html#research)

**Description:** The Prix Galien is the most prestigious award in the field of Canadian pharmaceutical research innovation. This award recognizes the efforts and achievements of pharmaceutical research and development. The competition is open to any person or team who has been involved for at least the last five years in biopharmaceutical research leading or making a substantial contribution to the diagnosis, prevention or treatment of disease. Candidates from academia, health care institutions, research centers and industry are eligible.

**Research Area(s):** Pharmacology

---

**Millennium Technology Prize – Technology Academy Finland**

**Deadline:** July 31, 2013

**Website:** [http://www.technologyacademy.fi/call-for-nominations/](http://www.technologyacademy.fi/call-for-nominations/)

**Description:** Awarded to groundbreaking technological innovations that enhance the quality of people’s lives in a sustainable manner. The innovations have been applied in practice and are delivering extensive change now and in the future. The aims of the prize are to promote technological research and
innovation that have a positive impact on the quality of life, alleviate fears towards technological change and encourage discussion between technology specialists and societal decision makers. The innovations stimulate further cutting edge research and development in science and technology.

Research Area(s): Multiple

THE WILEY PRIZE IN BIOMEDICAL SCIENCES - The Wiley Foundation

Deadline: July 31, 2013
http://ca.wiley.com/WileyCDA/Section/id-390059.html

The Wiley Prize in Biomedical Sciences is intended to recognize breakthrough research in pure or applied life science research that is distinguished by its excellence, originality and impact on our understanding of biological systems and processes. The award may recognize a specific contribution or series of contributions that demonstrate the nominee’s significant leadership in the development of research concepts or their clinical application. Particular emphasis will be placed on research that champions novel approaches and challenges accepted thinking in the biomedical sciences.

Research Area(s): Health & Life Sciences
USD $35,000
