DEPARTMENT of PSYCHIATRY

GRAND ROUNDS
Friday, April 19, 2013
Presented by:
Dr. Derryck Smith
MD, FRCPC
Clinical Professor, Department of Psychiatry, University of British Columbia

ADHD across the Lifespan

Hurlburt Auditorium
9:00am – 10:00am

LEARNING OBJECTIVES:

• Summarize the prevalence of ADHA across the lifespan, including differences in subtypes and gender
• Describe the variations in clinical presentation of ADHD, including co-morbidities, from childhood through adolescence and into adulthood
• Evaluate the efficacy and safety of pharmacological treatment options for the treatment of ADHD

This event is an accredited group learning activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada.
