2013 V Foundation V Scholar Award Application Process

Proposals must be submitted electronically via FTP in one PDF file. Files must be named using the following Naming Convention:

[Cancer Center Name] – [PI last name] – V Scholar 2013.pdf
Example: ABC Cancer Center – Smith – V Scholar 2013.pdf

**Please submit using a stand-alone FTP application, not a web browser**

If you are unfamiliar with the FTP process, please contact your IT support.

ftp://files.jimmyv.org
User name: VScholar
Password: VScholar

Please Note: Your file will not be visible once it has been uploaded onto FTP our site. Please e-mail grants@jimmyv.org and we will be glad to confirm the file was successfully received.

Proposals should consist of one (1) PDF file and include the following information in the order listed:

- Application cover sheet
- Cancer Center Director's letter for recommendation including:
  - the applicant's career development or mentoring plan
  - a listing of the applicant's mentor(s) to date
  - an explanation of why this applicant/project were selected as the institution's candidate for this grant
- One-page letter of introduction from the applicant including:
  - a summary of his/her area of research interest
  - a description of his/her reason for doing cancer research
  - what the applicant would like us to know about him/her
- A two-page outline of the proposed research including:
  - hypothesis
  - rationale
  - supporting data (if any)
  - expected outcomes
  - progress specific to the aims for each of the two years
- A complete list of current and outstanding funding/grants for this work
- Curriculum vitae of the applicant
- A one-page budget (NIH format suggested)
- If animals are to be used in this research project, please provide rationale and a statement that they will be used in accordance with methods reviewed and approved by IACUC

Responses are due no later than Monday, July 1, 2013 at 5:00 pm Eastern

Grants will be awarded in September 2013 and first payment will be made by October 31, 2013.
