Centre for Applied Research in Mental Health & Addiction (CARMHA)
Simon Fraser University

Integrating Psychiatry and Primary Health Care Services

Hurlburt Auditorium

9:00am – 10:00am

LEARNING OBJECTIVES:

- To understand the relationship between the epidemiology of mental disorders and the need for collaborative mental health care
- To review the existing models of integrating primary health care and psychiatric services in Canada
- To increase awareness of the use of supported self-management as a tool for supporting integrated care in mental health and primary health care

This event is an accredited group learning activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada.
