Reproductive Mental Health
Academic Rounds

Mood and Sexual Health Through the Female Reproductive Life Cycle
Speaker: Dr. Shaila Misri
Psychiatrist, BC Reproductive Mental Health Program

Learning Objectives:
- To demonstrate mood changes across the female reproductive life cycle
- To become familiar with the neurobiology of female sexual health
- To understand the relationship between sexual dysfunction and antidepressants.

Tuesday, March 11th 2014
12:00-1:00 PM

Join Via Telehealth
If you would like to attend via Telehealth, please respond to kthomaspeter@cw.bc.ca by March 4th 2014 with the following information:
1) Your location (city/hospital) and preferred Telehealth site/room
2) A contact person for your site who will be responsible for:
   - Arriving 15 minutes early to participate in the test call
   - Distributing slides, evaluation materials and a sign in sheet

The Reproductive Mental Health Academic Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.
