**Date:** Tuesday, May 27, 2014 - 12 noon to 1:00 pm

**Objectives:**

By the end of the presentation, attendees will:

1. List at least three causes of rapidly progressive dementias
2. Describe a diagnostic algorithm for idiopathic normal pressure hydrocephalus
3. Explain current testing available in Canada for Creutzfeld-Jakob disease

*The UBC Geriatric Psychiatry Videoconference Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.*
