**Topic**  
Motherhood in Serious Mental Illness:  
Are eugenics really in our past?  

**Learning Objectives**  
1. To review a brief history of eugenics and forced sterilization in psychiatry  
2. To explore literature on current perceptions of motherhood in women with serious mental illness  
3. To highlight reproductive health as an unmet need for women with serious mental illness  
4. To address some child-based outcomes  
5. To provide some practical suggestions  

**Moderator:** Dr. David Hutnyk
